The %Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

† Daily Value (DV) not established.

**Directions:** Mix 2 scoops with 8-10 oz water and ice combined. Shake or blend to preferred thickness. Best when consumed within 30 minutes. Replace 1-2 meals with Ultra 30™ shakes each day on Ultra Days.

## EnZyme 13™

EnZyme 13™ is a custom blend of 13 plant-based, full spectrum broad pH enzymes designed for dairy proteins, ensuring easy digestibility and increased absorption of all nutrients within each serving of Ultra 30.

## Features & Benefits

### Complete Nutrition

Ultra 30™ is carefully formulated with the ingredients you need, without the ones you don't. The low-glycemic, Keto-friendly shake focuses on intense nutrition centered around higher protein, lower carbs, healthy fats, and fibers. This supreme formula is enzyme active, providing advanced nutrient delivery, digestibility, and absorption.

### Support Weight Loss

Decadence doesn't have to be a downside. Ultra 30™ shakes are 239 calories per serving, contain zero added sugars or sugar alcohols, and no artificial sweeteners, colorants, and preservatives. Our sweetener of choice is Zero Cane™, a new zero calorie, zero aftertaste sweetener made from all-natural fermented sugarcane.

### Build Lean Muscle

Muscle isn't only made in the gym. Ultra 30™ packs a punch with 30 grams of high quality undenatured Grass-Fed New Zealand Whey Protein Isolate that supports lean muscle building and maintenance. This premium protein yields an outstanding amino acid profile of 18 essential and non-essential amino acids, which are the building blocks in the creation of muscle and every single cell in the body.

### Zero Cane™

This new, highly sought-after ingredient is unlike anything on the market. Zero Cane™, the all-natural sweetener made from fermented sugarcane, promises a smooth, zero aftertaste sweetness and zero calories.
